

06 April 2022

Dear Mr Masevhe Livhuwani

**RE: NMMU/UNIVEN Science Awareness Outreach: Vhembe East and West Education Districts, Limpopo, South Africa**

The development of scientific based solutions to scientific–technical problems require great trust in an open future and in the complex interaction between stakeholders. Such interaction is conducted in good faith and one purpose, to develop sustainable scientific stakeholder from the ground up.

Nelson Mandela University (NMU) and The University of Venda (UNIVEN) planned and scheduled to host science awareness outreach in the Vhembe East and West education districts of Limpopo province.

Our aim is to have science awareness and science career discussions with grade 10 – 12 learners to encourage them to continue steadily in sciences such as health, engineering and biomedical towards their higher education studies.

Summary of the awareness program is tabled below; detailed day program will be forwarded.

#Days	Date	Education District	Specific Venue
Day One, Tuesday	03 May 2022	Vhembe East	Niani East & West Circuits
Day Two, Wednesday	04 May 2022	Univen	Faculty Collaborations
Day Three, Thursday	05 May 2022	Vhembe West	Luvhivhini Sec. School
Day Four, Friday	06 May 2022	Vhuronga 1&2, Malamulele	Vuwani Science Centre

Please assist and distribute the information to the relevant departments at SAASTA and other stake holders.

Kind regards,

**Dr Eric Nnditshedzeni Maluta,**

Coordinator Vuwani Science Resource Centre

HOD, Physics Department, University of Venda
